PLAY TO LEARN

with DuPage Children's Museum

The DuPage Children's Museum is taking exhibits on the road! BPL and the Museum have come together to offer a wonderful program that focuses on play AND learning. Children engage in an interactive story while adults learn how to share math, art & science concepts with preschoolers in a fun & easy way. Together, children & caregivers enjoy the museums portable exhibits and hands-on projects that can be done right in the home! In addition, community support resources will be provided. Dates and times inside!

LIBRARYEVENTS

Free Online Tutoring for Students!

Often students find that a problem or concept that seemed simple in class can be impossible to understand when working on homework. Any parent who has struggled with explaining math or science concepts to their child will welcome the help that online tutors can provide through our Brainfuse HelpNow! service. You can say goodbye to frustrating evenings trying to remember your high school algebra and provide the help your student needs to excel in the classroom.

Free online tutoring is available to BPL patrons from 3:00 - 10:00 p.m. Students in Kindergarten through college can get the help they need from qualified online tutors who offer homework help and writing assistance. Tutors are trained and certified by Brainfuse. All tutors have been cleared with thorough background and reference checks, must possess a four-year degree, and have prior teaching/tutoring experience. Visit http://www.mybpl.org/databases#test and log in with your library card and PIN.

Adult learners can also benefit from this service. The Adult Learning Center portion of the site contains practice tests and resources to help adults pass the GED, prepare for the U.S. citizenship test, and write a winning resume. Adults can also take advantage of the online tutoring service and writing lab. The JobNow! portion of the site offers free online chat interview coaching and a free resume review service. Tutoring is also available in Spanish. Homework help is just a click away!

FEDERAL AND STATE TAX FORMS @ YOUR LIBRARY

The library has limited amounts of federal and Illinois state income tax forms available to the public. The most common forms are free. Uncommon forms may be printed from the IRS website for 10 cents per page. You can call the IRS at 1-800-TAXFORM and request the forms be sent to you. State forms can be ordered by calling 800-356-6302. If you would like to download forms from your home computer, the federal forms can be found at www.irs.gov/forms-&-pubs, and the state forms are at www.tax.illinois.gov/taxforms.

Thanks to Our Generous Partners!

Adult & Teen Winter Reading Program

Thanks to all who participated in the Adult/Teen Winter Reading Program, *It's the Season for Reading*. We extend a special thanks to Stratford Cinemark, Olive Garden Italian Restaurant, and Smashburger for generously donating prizes for our Adult/Teen Winter Reading Program. More Online Books For You!

BPL is participating in the eRead Illinois Program. eRead Illinois is a two year statewide program designed to increase access to eBooks. Initial funding for eRead Illinois was provided by a grant from Secretary of State and State Librarian Jesse White through the Illinois State Library. What does this mean for you? More eBooks through Axis360, an additional digital media platform, and more choices for eBooks from the eRead Illinois shared collection. Compatible devices include the iPad, iPhone, Android, Windows, Kindle Fire, NOOK, and Sony Reader devices. Look for the new Axis 360 collection under the eBooks tab on our website.

DIGITAL MAGAZINE COLLECTION

Read your favorite magazine on your tablet or computer. The collection includes *Rolling Stone, US Weekly, National Geographic, House Beautiful*, and many more popular magazines. There are no limits and no due dates on online magazines. Go to **www.mybpl.org/zinio** to get started.

BOOK DISCUSSION GROUPS

BPL offers four diverse book groups in an effort to appeal to a wide range of reading tastes. Choose which group most closely matches your interests, or try all four! Selections are available at the Circulation Desk one month in advance of the discussion. Please call the Reference Desk at (630) 924-2730 with questions.

Tuesday, February 25
2:00 - 4:00 p.m.
Instructor: Sean
Learn to connect to the Internet, find websites, follow links, and much more!

Microsoft Word 1
Tuesday, March 4
2:00 - 4:00 p.m.
Instructor: Chris
This class is aimed at those with little or no experience using Microsoft Word. Topics such as creating and saving files, formatting, and editing documents will be covered. Time will be available for questions and problems related to Microsoft Word.

Using PowerPoint
Thursday, March 6
6:30 - 8:30 p.m.
Instructor: Chris
PowerPoint is used to create slides, overheads, audience handouts, or on-screen presentations. This class covers the basics of creating and organizing a presentation.

Designing Web Pages with HTML
Monday, March 10
6:30 - 8:30 p.m.
Instructor: Sean
Learn how to create basic web pages using HTML code. Basic topics like inserting text, links, pictures, and background colors, as well as more advanced design topics (as time allows) will be covered. While the library does not provide a location on the Internet for students to post their web page, they will learn the skills required to develop one. This class is introductory, but some Internet experience may help to understand topics discussed.

Microsoft Word 2
Tuesday, March 11
2:00 - 4:00 p.m.
Instructor: Chris
This class is intended for users who have some experience with computers and Microsoft Word. Learn how to use many of the advanced options available. Lecture includes using outlines, adding images, and other formatting/design topics.

Using PowerPoint 2
Thursday, March 13
6:30 - 8:30 p.m.
Instructor: Chris
Expanding on the basic skills learned in Using PowerPoint, this class teaches students to make their slide shows more dynamic and complex. Going beyond the presets and designing your own slides, creating slide transitions, sounds, animations, and other options will all be covered.

Creating a Web Site
Monday, March 17
6:30 - 8:30 p.m.
Instructor: Sean
This class picks up where Designing Web Pages with HTML left off. It teaches students how to acquire web space online, transfer their files to the Internet, weave together multiple pages to make their websites more efficient and easier to understand, and cover more advanced HTML topics more thoroughly.

Social Networking
Monday, March 31
6:30 - 8:30 p.m.
Instructor: Sean
Students learn how to create and use accounts with popular social media sites Facebook, LinkedIn, and Twitter. An emphasis will be placed on popular functions such as finding friends using your email account, adding pictures, searching topics, and much more. Privacy and personal safety issues will be discussed.
