Pardon Our Dust...

Over the coming weeks and months the library will be planning and overseeing two major renovation projects. The two project areas include improvements to our first floor and a project to fix our crumbling curbs, sidewalks, and pavement.

First Floor Project

The first floor renovations include improved Circulation and Reference desks, a new material shelving area, and an exciting new teen area. This work will be completed in April; the library will remain open during construction.

New Materials/Circulation Area

Renovated Teen Area

Goals of the Renovation

- To increase circulation of materials
- Get the Circulation desk ready for RFID implementation (Coming later this year...)
- Become more relevant to teens

Curb, Sidewalk, and Parking Lot Project

The work on our curbs, sidewalks, and pavement will commence in May and hopefully be completed by early July. The accompanying photos illustrate the need for this project. As part of this project the library will need to be closed for three days in May (dates to be determined) to allow for repairs to the front entrance.

Damaged Curb

Damaged Curb & Pavement

Both of these projects will be funded by our capital reserves and will not impact property tax rates. We will provide updates on our website for these projects. Your patience is appreciated while we work to provide a world class library facility to the residents of Bloomingdale.

ALL AGES! DROP-IN!
